## what sets us apart?

east & west coast	two state of the art production facilities
compliance	ETS compliance advantage
sales aids	complement your presentation at no additional charge
random samples	physical samples delivered to help seal the deal
pms color matching	at no additional charge
large imprint area	wrap and two-sided imprints at no additional charge [most items]
tight registration	the best quality and precision in the industry
four-color process	cmyk color printing options [F4, H4, P4 and S4]
rush services	e24 and e48 services keep you on schedule to meet tight deadlines [restrictions and exclusions may apply]

# California + North Carolina

## ETS compliance advantage

**comprehensive product testing** to ensure that all of our products are safe and compliant, we rigorously test our items to the highest standards to exceed the requirements of FDA, CPSIA, Cal Prop 65 and other regulations applicable to drinkware:

- you are assured that virtually every end-buyer will accept our written test reports
- you will receive copies of our test reports in a responsive manner
- you receive thorough, accurate, and prompt support for your clients' drinkware compliance needs and requirements

**social compliance** to validate ETS' goals of operating with integrity and with high ethical standards, we require, and audit, our vendors' and company-owned facilities to ensure adherence to the values formalized in our code of conduct and compliance policies:

- you are ensured that our products are made under safe, healthy, and secure working conditions, free from discrimination and abuse, and workers are provided fair wages and benefits for their efforts
- your company's and clients' brands will be protected, knowing that we have integrated our high standards in our operations
- your major brand clients will readily accept our audit reports to prevent disruption of your orders

**robust compliance policies and procedures** to demonstrate our strong commitment to product quality, product safety and compliance, social accountability, environmental stewardship, and supply-chain security, we have devoted, and continue to devote, considerable resources to improve our internal policies and processes in all of these core areas. We have successfully implemented these policies and procedures to provide you and your clients the confidence you need in us as your preferred drinkware supplier:

- you can be confident that our serious commitment to product responsibility has been independently validated through multiple third-party audits and we are an approved vendor for all major end-buyers
- you gain greater influencing power with end-buyers to land those coveted clients and large-quantity orders
- you protect your company's brand by using a drinkware supplier that diligently works to safeguard your interests

**confidence, credibility and convenience the bottom-line...** our industry-leading compliance program helps you to open doors to increased sales with those end-buyers who require proof that the drinkware products you sell them will meet their stringent product and social compliance standards

**more information** [https://etsexpress.com/pg\\_about/compliance.php](https://etsexpress.com/pg_about/compliance.php)

**sales aids**

**virtuals** be prepared with a virtual sample that complements your presentation — no charge  
**flyers** request a corporate flyer with more information to fully visualize your branded drinkware — no charge

**insulation levels**

**insulation**

· reduction of heat or temperature transfer achieved by manufacturing processes and/or materials

**double wall** items serve two primary purposes:

- eliminate condensation on the exterior wall while using cold liquids\*
- retain the internal temperature longer as the construction supports various levels of insulation

	<b>air insulation</b>	<b>foam insulation</b>	<b>vacuum insulation</b>	<b>copper vacuum insulation</b>
<b>insulation</b>	air between inner and outer walls	foam between inner and outer walls	no air between inner and outer walls	no air between inner and outer walls + copper plated inner wall
<b>insulation levels</b>	good	better	best	superior
<b>hours of enjoyment*</b>	<b>hot</b> 2 hours <b>cold</b> 4 hours	<b>hot</b> 3 hours <b>cold</b> 6 hours	<b>hot</b> 8 hours <b>cold</b> 16 hours	<b>hot</b> 12 hours <b>cold</b> 24 hours
<b>price</b>	\$	\$\$	\$\$\$	\$\$\$\$
<b>featured item</b>	<b>boost</b> #12544	<b>milo</b> #68584	<b>americano</b> #88761	<b>h2go® ascent</b> #991061

\*may vary depending on item construction, material, ambient conditions and use

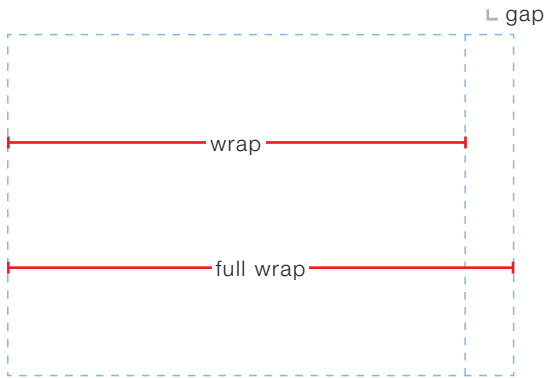

avoid the gap maximize your impression

**wrap** imprint with a 0.75" gap

· standard on most items

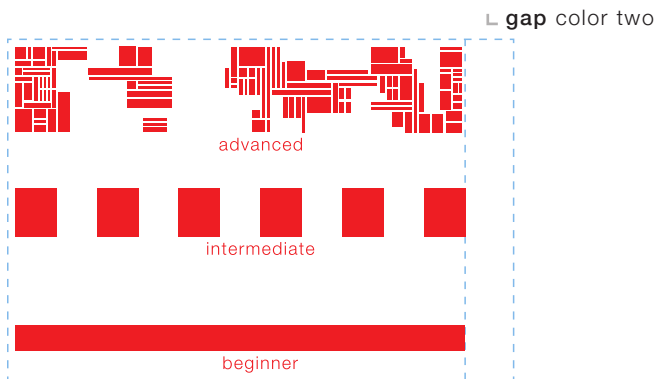

**full wrap** 360° continuous imprint — no gap\*

· minimum two colors or two runs

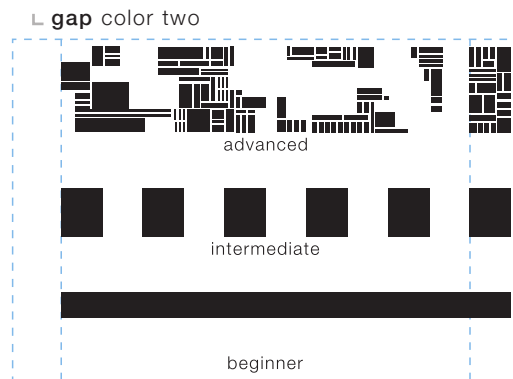

imprint area wrap vs. full wrap

imprint area / circumference  
wrap imprint color one  
wrap imprint color two  
circumference distance around the item

wrap imprint color one

wrap imprint color two [shift or rotate color two to fill gap]

\*more information visit [etsexpress.com/prg\\_gap/](http://etsexpress.com/prg_gap/) · restrictions and exclusions may apply · gap tool used for educational purposes

## standard vs. dynamic gap

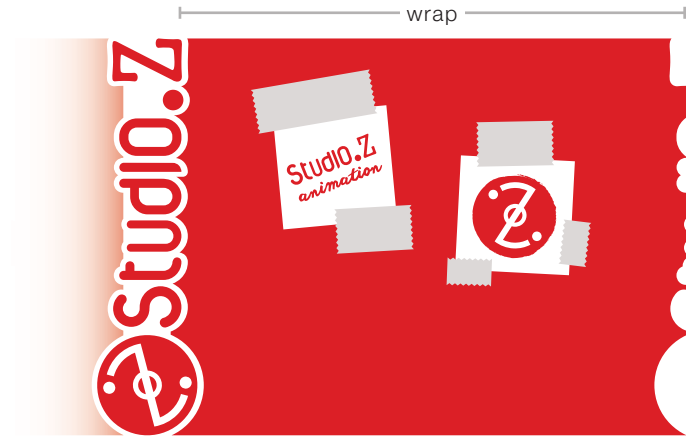

use the gap to your advantage and cut the shape of your logo or text into a block of color to create a seamless wrap

▮ standard gap

▮ dynamic gap

▮ dynamic gap

▮ solid block of color

▮ multiple decoration techniques can easily be combined to exponentially increase the polished look of a design; this piece takes a neutral colored item with a large imprint area and fills it with any PMS color for a custom color effect, as well as knock-out art, a dynamic gap and even some satin etch accents for a realistic tape look

▮ satin etch tape

▮ knock-out art

▮ custom color

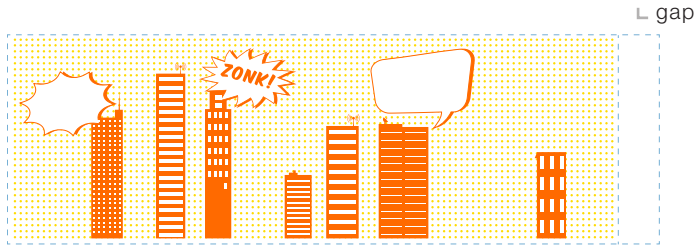

▮ dynamic gap

\*more information visit [etsexpress.com/prg\\_gap/](http://etsexpress.com/prg_gap/) · restrictions and exclusions may apply · dyanmic gap tool used for educational purposes

**incore 3D**

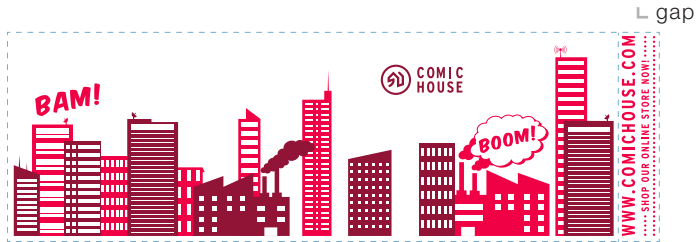

print select elements of your art on the inner wall and other elements along with your logo on the outer wall to give the item a custom 3D effect

**example** stock design #141

L gap

inner wall three color imprint with 0.75" gap

L gap

outer wall three color imprint, secondary information fills gap

L gap

**copper vacuum insulation difference**

our copper vacuum insulated bottles and tumblers retain your beverage's ideal temperature longer than a standard vacuum insulated item

the exterior of the inner stainless steel wall is copper plated which prevents heat from entering or exiting the bottle by thermal radiation and can make a difference of 9° F / 5° C over 24 hours\*

## general information

### ARTWORK

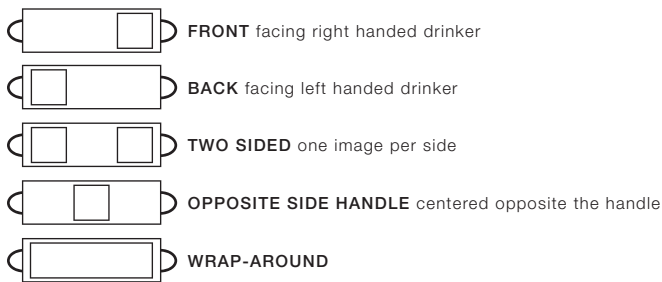

Files must be in vector format with all fonts converted to outlines, curves or paths. Bitmap files must be reviewed and approved by Art Department and may require an art charge. We accept the following vector formats: Adobe Illustrator CC, CorelDraw 13 and Photoshop CC (four color process only). Photocopies, faxed art, sketches, stationary, business cards and other imprinted products are not considered sufficient print ready art, and may be subject to an art charge for recreation when possible. ETS reserves the right to reject any art that is not considered print ready. Art adjustments and recreations are charged at an hourly rate of \$75.00(g), which are quoted before production begins. Art submission emails must specify distributor name and purchase order number. IF NOT SPECIFIED ON THE PURCHASE ORDER, ART SIZE AND PLACEMENT WILL BE AT THE DISCRETION OF THE ETS ART DEPARTMENT.

### IMPRINT COLORS

ETS offers a variety of inks. PMS colors are designed to be printed on white paper and are used for reference only. Due to the nature of ceramics, glass, and the firing process, exact matches cannot be guaranteed. ETS spot printing utilizes the following Pantone varieties: Pantone® Solid Coated, Pantone® Metallic Coated, & Pantone® Solid Uncoated (requires a Pre-Production Proof for use). A Pre-Production Proof (PPP) is strongly recommended when imprint colors are critical.

### IMPRINT SIZE AND POSITION

Orders must clearly specify if artwork is one-sided, two-sided, opposite the handle, or wrap-around. Orders must also clearly state if artwork is to exact size, or should be enlarged or reduced. In the absence of clear instructions, sizing and placement is at our own discretion. If specific instructions for art size and location are not clearly stated on the purchase order, then no claims will be processed. Imprint locations are defined as follows:

For all standard serif and sans serif fonts, the minimum font size to print clearly is 7 pt. The minimum font size for embellished fonts varies. Curved lines must be a minimum of 0.5 pt thickness to print; straight lines must be a minimum of 1.2 pt thickness to print cleanly. There must be a minimum of 0.75 pt thickness clear space between objects in order for them to print without filling in.

### TYPESETTING

Typesetting is charged at a rate of \$20.00(g) per three lines of straight-line copy. Unless otherwise specified, typestyle is at the discretion of the art department.

### HALFTONES

Halftones are printed at 60 DPI and must be reviewed and approved by the Art Department prior to printing. A Pre-Production Proof (PPP) may be required.

### CANCELLATIONS AND CHANGES

ETS reserves the right to commence production upon receipt of the order. Customer is required to pay for all work completed at the time of cancellation. Any changes requested after artwork has been prepared for production may incur additional film and screen charges. All cancellations and changes to any pending order must be submitted in writing.

### CHANGE OF COLOR

\$20.00(g) per color. Must be in full case quantities.

### CLAIMS

All claims for damage or shortages in shipments must be made within 10 days of receipt of the shipment. Otherwise, shipment is assumed to be received without damage and complete. Neither ETS nor Distributor assumes any liability for damage or shortages after this point. No returns are accepted without prior written consent of ETS. No product is accepted for return after being altered or otherwise used. ETS disclaims any responsibility for products after 30 days in buyer's possession.

### CONFIRMING ORDERS

ETS is not responsible for any duplicate shipments that occur if "confirming" does not appear on any follow-up emails or faxed orders.

### DISTRIBUTOR OVERRUN

Upon request, overruns are sent at cost of item plus freight.

### DROP OR SPLIT SHIPMENTS

Drop or split shipments are billed at \$8.00(g) per drop ship location after the first shipment. Drop ship addresses must be received a minimum of 2 working days prior to the scheduled ship date. DROP OR SPLIT SHIPMENTS MUST BE IN FULL CASE QUANTITIES. BROKEN CASES ARE BILLED AT \$16.00(g).

### GIFT AND MAILER BOXES

Gift and mailer boxes are available for most items. Allow additional production time of 1-3 days. Specify gift or mailer (3g). Note: pricing below refers to standard gift and mailer boxes only:

ITEM SIZE	SINGLE	2-PACK	4-PACK
1-11 oz	1.85	2.30	2.90
12-16 oz	2.00	2.55	2.95
17-20 oz	2.10	2.75	3.35
24 oz & larger	2.55	n/a	n/a

### INDEMNITY

When orders are manufactured to customer's specifications, the customer shall hold ETS harmless from any liability for trademark, patent or copyright infringements, proprietary rights violations, invasion of privacy or other personal or intellectual property rights infringements or violations. All materials submitted by the customer for use by ETS to produce items ordered are considered by ETS to be in full compliance with all applicable laws in regards to trademark, service mark, copyright, patent, or similar protection, and the customer has all of the legal rights and authorizations to grant ETS a limited license for the express purpose of reproducing such materials on the products. It is the customer's responsibility to provide appropriate legal lines to ETS for inclusion in the art.

### LESS THAN MINIMUM (LTM)

LTM orders must be at least half of the first column quantity of the pricing listed on [www.etsexpress.com](http://www.etsexpress.com). Refer to the first quantity column for the item unit cost. A \$50.00(g) LTM charge will be incurred in addition to normal screen charges.

### PROTECTIVE CARTONS

Additional packaging is required for any ceramic or glass order shipping via parcel service carriers (UPS, Fedex, DHL). See website for additional charges.

### NATURE OF CERAMICS AND GLASSWARE

Due to the inherent nature of ceramics and the properties of glassware produced by foreign and domestic manufacturers, there may be slight imperfections and irregularities which should not be perceived as defective. Variations in materials, firing temperatures and color pigments may result in variations in glaze and imprint colors. Ounces, sizes, and measurements are approximate and may vary from batch to batch, and within each batch. These variations are within industry standards and therefore must be considered acceptable.

### NON-IMPRINTED MERCHANDISE

Catalog end quantity price(c) less \$0.40(c). Must be in case quantities. Contigo® merchandise is excluded.

### ORDERING

To ensure that your order is processed as quickly as possible and to ensure that all ship dates are met, please be specific on your purchase orders. Please type or print legibly our item number, quantity, imprint color(s) and location, complete shipping information, and any other information relative to your order. ETS is not responsible for any misinterpretation of copy layout on handwritten orders or layouts. Unless otherwise specified, ETS reserves the right to select fonts and rearrange copy for best appearance or to meet product limitations. It is important that a ship date be included to expedite your order. ETS is only responsible for meeting ship dates and cannot guarantee in-hand or special event dates due to carrier delays. Please carefully proofread all artwork for accuracy as ETS is not liable for errors in submitted artwork. On repeat orders please include the previous P.O. or invoice number, logo name as well as the month and year of the previous order. Also, specify if color or copy changes are required. We cannot guarantee exact color matches on repeat orders due to reasons described in "Nature of Ceramics."

### OVER/UNDERRUN POLICY

To maintain quality control, ETS reserves the right to ship up to 5% over or under the quantity ordered and bill accordingly. This is industry standard and must be considered fulfillment of the order. Orders requiring "no overruns" are subject to 5% overrun, and orders requiring "no underruns" are subject to an overrun of up to 5%. "Exact quantity" orders are available at an additional charge of \$25.00(g).

## general information

### E-PROOFS

Initial e-proof is sent at no charge. One complimentary change to the proof is also honored at no charge and must be submitted in writing. Subsequent changes will incur a charge of \$20.00(g) per proof.

### PERSONALIZATION

Personalization is not available.

### PRECIOUS METALS

For 22k gold, microwave-safe gold or platinum imprint add \$0.75(g) per side and \$1.50(g) for wraparound. THIS IS IN ADDITION TO REGULAR COLOR CHARGES. ETS reserves the right to change precious metal imprint prices at any time according to the current market conditions. Precious metal inks require special care, and may wear off with dishwasher use. Precious metal ink is only available on glass and glossy finish ceramic items (not applicable on matte finish items). Precious metals (print or halo) require 10 day production after proof approval.

### PRECIOUS METAL HALOS

22k gold, microwave safe gold, or platinum halo add \$0.75(g) each. Precious metals (print or halo) require 10 day production after proof approval.

### PRODUCTION TIME

Standard production time is 7-10 working days from receipt of order and camera-ready artwork. Orders pending e-proof approval, pre-production proofs, artwork, credit approval, pre-payment, or special packaging may extend the ship date. Any changes to an order in progress and/or art revisions will delay production and ship dates. For inserts, 4CP, and T-Series please see their respective page[s]. PLEASE ALLOW ADDITIONAL PRODUCTION AND SHIPPING TIME DURING THE PEAK MONTHS OF OCTOBER THROUGH DECEMBER, AS WELL AS CUSTOM ORDERS AND ORDERS REQUIRING SPECIAL PACKAGING.

### PRODUCT COMPLIANCE / PRODUCT TESTING

ETS' products and inks are regularly tested to exceed all applicable U.S. federal and state, and Canadian regulations, laws and standards for drinkware products, including, but not limited to, those applicable to CPSIA, FDA, Cal Prop 65 and the Canadian Consumer Product Safety Act.

ETS' products comply with all applicable safety regulations for drinkware sold in the U.S. and Canada, including those for lead, cadmium, phthalates, and BPA. Certain product and packaging labels/markings, such as those for country of origin, "BPA-Free", identification of the importer/manufacture, and tracking labels are required by law. Exceptions cannot be made although every reasonable effort is made to minimize our company's brand markings on products, packaging, and care sheets.

### SPECIAL COMPLIANCE AND INTERNATIONAL REGULATIONS

We test our products to verify compliance with applicable U.S. and Canadian safety regulations to meet the safety expectations of the vast majority of our domestic clients and their end-buyers. However, our testing may not meet all of the internal requirements of certain clients or countries outside the U.S. and Canada. If you are aware that an order may have some special testing requirements, please advise your Customer Service Representative. For further details, please review this section on our website.

ETS Express is proud to be an Early Adopter of PPAI's Product Safety Awareness Program

### REGISTRATION TOLERANCE

Registration tolerance on multi-color artwork is 1/16". This tolerance is industry standard and must be considered acceptable.

### RUSH SERVICE: CONTACT FACTORY FOR AVAILABILITY

<b>5 DAY RUSH</b>	No additional charge on orders of 1 or 2 imprint colors with camera-ready artwork. Clearly indicate on your orders "5-Day Rush" to receive this service. Orders with 3 or more imprint colors, incur an additional charge of \$0.50(g)/item.
<b>3 DAY RUSH</b>	add \$0.60(g)/item
<b>48 HOUR RUSH</b>	add \$0.75(g)/item
<b>24 HOUR RUSH</b>	add \$1.25(g)/item
<b>SAME DAY RUSH</b>	add \$2.50(g)/item
<b>E24 &amp; E48</b>	see website for details

Print-ready art must be provided for all rush services. PURCHASE ORDER AND ARTWORK MUST BE RECEIVED BY 10:00 AM(PT) TO ENSURE SHIP DATE. RUSH SERVICES ARE NOT AVAILABLE FOR T-SERIES, INSERTS AND 4 COLOR PROCESS ORDERS. PRECIOUS METALS (PRINT OR HALO) REQUIRE 10 DAY PRODUCTION AFTER PROOF APPROVAL.

### RANDOM SAMPLES

Subject to availability, samples are shipped within 1-3 business days. For items less than \$11.99(c) EQP, there is no charge. Contigo®, T-series and items more than \$11.99(c) EQP will be invoiced at EQP price. Multiple sample requests may be subject to an additional charge. Please provide a purchase order, UPS/FedEx account number and preferred shipping method.

### SPECULATIVE SAMPLES

\$80.00(g) per color, up to 2 samples. Speculative samples may not be available in the peak months of October through December. Samples may vary slightly from entire production run.

### PRE-PRODUCTION SAMPLES

Pre-production proofs are available at \$30.00(g) per color plus normal screen charges (Contigo® – add item unit cost). Pre-production charge is waived on orders of 576 pieces or more (Contigo® – item unit cost will still apply). For T-Series, refer to page 56. Changes in pre-production proof will result in additional setup charges. Orders canceled after submission of proof will be invoiced for pre-production proof, setup charges, and any other applicable charges.

### SATIN ETCH IMPRINT

This imprint simulates an "etched" look and is considered a standard imprint color.

### SETUP CHARGES

**H4 AND S4:** see page 6.

**F4 AND P4:** see page 62.

**T-SERIES:** see page 56-57.

**SPOT COLOR:** \$60.00(g) per color on initial order. Exact reorders within two years of previous order will not incur new screen charges.

### TERMS

Net 30 on approved credit. Interest charges will be assessed on all past due balances. For your convenience, we accept Visa, Mastercard and American Express.

### WARRANTY

ETS warrants its products for satisfactory workmanship and material with the exceptions described in "Nature of Ceramics & Glass" on the General Information section on our website [www.etsexpress.com](http://www.etsexpress.com). Defective merchandise will be replaced, but OUR LIABILITY IS LIMITED TO THE INVOICE COST OF THE ITEM. NO OTHER WARRANTIES ARE PROVIDED.

### SHIPPING

All shipments will be sent prepaid unless otherwise specified. Freight estimates given by the factory are not guaranteed and are subject to change without notice as rates can fluctuate. Master cartons to protect against breakage are used and billed at \$7.00(g) per carton for all UPS, FEDEX, or any other parcel or air freight carrier shipments. Please state if you wish to use a specific carrier when ordering or ETS will select the most efficient house carrier. Title for goods passes to the buyer at FOB point. All goods are shipped at the buyer's risk and all claims must be made with the freight carrier, normally within 14 days of receipt of merchandise. We do not ensure on-time delivery or safe carriage of goods. Recourse rests exclusively with the transportation company. No adjustments will be given for any delayed or damaged shipments or for any other reason beyond ETS control. No C.O.D., Parcel Post, or Priority Mail shipments.

### INSIDE AND RESIDENTIAL DELIVERIES

Orders requiring inside or residential delivery must be specifically noted on the order. Deliveries beyond the customer's dock may be subject to an additional charge and will only be done at the customer's risk. If an inside delivery is requested at the time of delivery, please be advised you may receive a subsequent invoice for this service in addition to your original invoice.
